

**City Council Workshop  
Hollow Discussion  
121 Judd Street  
6:00pm – Village Hall**

**1) Call to Order**

**2) Power Point Presentation**

- 5 minute PP overview of the grant will be presented for context as well as questions to consider as we move forward.

**3) Review of submitted comments**

- City Council member Ward solicited Jackson Meadow feedback regarding the draft Critical Connections Ecological Services work plan. Please see and read those attached. (The broader community was not solicited due to time constraints).

**3) Work Plan Update**

- With Critical Connections terminating their contract with the City two and half weeks ago, Kristina Smitten asked Stantec to comment by Wednesday on the CCES draft work plan, its budget, and if they would be interested in working on this grant.

**4) Next Steps**

- The following is based on Stantec agreeing to work with MoSC, submitting an alternative to Critical Connections draft work plan:

- a. To proceed with Critical Connections (CC) grant and workplan as written (you have this)
- b. To proceed with portions of the CC grant
- c. To consider and evaluate Stantec's proposal for future action ( we do not have this yet)
- d. To defer all decision making to a later date.

**5) Adjournment**
